from **Ameliorated** by Holly Faust & Ben Tollison

JOHN: Oh my god. She knows Spacefights! Like, normally, girls who I've met that know what Spacefights is are just, old men pretending to be girls online... And, well, my Mom. BUT SHE'S NOT EITHER OF THOSE! I mean just look at her! Her costume is a shirt that just says costume! It's so... so... (dreamily) Ironic.

from **The Lion Tamer** by Will Brown

ZOOKEEPER: Ever since I was out of the house, I never felt... I never felt like I was enough. Like I just couldn't step up to the plate! It's like you walk in a room, and everyone just thinks you're background noise, like a bee in your ear. What do you think being a zoo keeper is like! Answering people's questions, shoveling shit, and wearing a dumb outfit.

from **The Adventures of Theseus** by Nora Gherardi

NARRATOR: We'll leave the following events to your imagination. Also, Theseus isn't as shrewd as you think he is! The numbskull genuinely wanted to be a victim of Sinis's pinebending! He's a total moron, through and through, just letting you know.

from **Dumpling Talks** by Parker Bennett

ADAM: I'm not living anyone's dream! In case you can't tell, I hate NYU. I was dying to come back here all year, because I don't belong there. Every morning when I woke up the only thing I could think of is how alone I was there. Everyone I knew was in Corvallis, every memory, and everything I wanted to do, but how the hell could I leave NYU? It's NYU!

from **Façade** by Jaden Goldfain

DELANEE: Trust me, my parents know what a girl needs to survive and be successful out in the real world and what a disappointment it was to them that their third daughter doesn't even come close to checking off any of those boxes. They're raising a failure. They know it and I know it and there's nothing any of you can say to change that fact, okay?
